

## Creative freedom, cubed

### Endless bathroom design solutions with Kludi Nova Fonte

*Menden, March 2021.* Combinations of modern and classic design are growing in popularity for interiors and furniture – and bathrooms are no exception. Personal style preferences dictate whether classic or modern elements dominate: Some prefer a more straightforward, minimalist look, while others like their bathrooms ornamental and intricate, and others still prefer traditional lines. When it comes to bathrooms, these preferences also inspire our choice of fittings for washbasins, baths and showers – after all, we use them dozens of times every day. The exclusive Nova Fonte series by Kludi ([www.kludi.com](http://www.kludi.com)), the fittings specialist from Germany's Sauerland region, makes catering to different tastes a piece of cake. Kludi Nova Fonte is available in three different styles: *Classic*, *Puristic* and *Déco*. With cross, wing or star handles, and three base types in matching designs, everyone can interpret modern classic bathrooms in their own way, adding an individual signature to their interior.

### Even more choice

For consistency of design in each of the three styles for washbasins, baths and showers, the premium brand has added new products to the Kludi Nova Fonte line. As of May 2021, a selection of concealed trim set models will be available for showers and baths. Concealed systems with the innovative Kludi Push feature add even more convenience, letting users switch outlets at the push of a button.

### **Kludi – The fittings specialist**

Kludi GmbH & Co. KG, based in the Westphalian town of Menden, is a German specialist in the field of bathroom and kitchen tap and shower systems. The brand's claim of 'Water in Perfection' defines its ambition to create top quality. The bathroom fitting range is based on two key elements. It offers clearly defined styles under the heading 'Smart Luxury', while 'Pure Function' offers solid quality with great practicality in functional fittings. The 'Shower Dreams' concept includes shower heads to match both bathroom ranges. In the field of kitchen fittings, Kludi presents a wide range of products in the 'Kitchen Competence' series.

For almost 100 years, the internationally active family company has been influencing the use of water in the household with groundbreaking fitting concepts and innovative solutions for kitchens and bathrooms. More than 1,000 staff members in the Kludi group develop, produce and market products for specialist trade and craft companies in numerous countries around the world. From its headquarters in Menden, the Kludi company group manages 13 international sales organisations. The products are manufactured in three European production facilities. In addition, a joint venture in the United Arab Emirates operates an independent production facility.
